Re: Stockton Unified School District 2009-2010 Response to Grand Jury Report

Dear Judge Holland:

On June 28, 2010, the 2009-2010 San Joaquin County Grand Jury published its Final Report regarding the Stockton Unified School District. The report consists of three separate topics: 1) Public Appointment Process; 2) Student Truancy Follow Up from 2008-2009; and 3) 2008-2009 Grand Jury Report Follow Up of the 2007-2008 Grand Jury. The District was given ninety days to respond to the Grand Jury. Unfortunately, the current District administration was unaware of the report until late November 2010. In turn, the District requested extensions to respond to the reports and thanks the Grand Jury for the extensions.

Attached is the Board of Education's response to the 2009-2010 Grand Jury Report as adopted by the Board in open session on January 25, 2011. The response complies with Penal Code §933.05, which in part requires the following:

(a) For purposes of subdivision (b) of Section 933, as to each grand jury finding, the responding person or entity shall indicate one of the following:

- (1) The respondent agrees with the finding.
- (2) The respondent disagrees wholly or partially with the finding, in which case the response shall specify the portion of the finding that is disputed and shall include an explanation of the reasons therefor.

(b) For purposes of subdivision (b) of Section 933, as to each grand jury recommendation, the responding person or entity shall report one of the following actions:

- (1) The recommendation has been implemented, with a summary regarding the implemented action.
- (2) The recommendation has not yet been implemented, but will be implemented in the future, with a timeframe for implementation.

The Honorable Lesley Holland, Presiding Judge

January 26, 2011

(3) The recommendation requires further analysis, with an explanation and the scope and parameters of an analysis or study, and a timeframe for the matter to be prepared for discussion by the officer or head of the agency or department being investigated or reviewed, including the governing body of the public agency when applicable. This timeframe shall not exceed six months from the date of publication of the grand jury report.

(4) The recommendation will not be implemented because it is not warranted or is not reasonable, with an explanation therefor.

Please do not hesitate to contact me, if the Board may be of further assistance.

Sincerely,

SUBJECT: Response to 2009/2010 Grand Jury Report

INTRODUCTION

The 2009/2010 Grand Jury released its Final Report on June 28, 2010. SUSD was required to respond in writing within 90 days of publication. Because of administrative transition, the response was not processed by the District, and on November 22, 2010, the Grand Jury reiterated its request for responses to three separate Cases: Public Appointment Process (Case No. 1009); Student Truancy Follow Up from 2008-2009 (Case No. 0909G); and 2009-2010 Follow Up of the 2008-2009 Grand Jury Report Follow Up of the 2007-2008 Grand Jury Report (Case No. 0909H).

ANALYSIS

The reports detail multiple findings and recommendations.

Staff has analyzed the findings and recommendations for two reports: Public Appointment Process (Case No. 1009); and Student Truancy Follow Up from 2008-2009 (Case No. 0909G). Staff has provided responses for consideration by the Board of Education and 2009-2010 Follow Up of the 2008-2009 Grand Jury Report Follow Up of the 2007-2008 Grand Jury Report (Case No. 0909H)). On January 11, 2011, the Board of Education formed an Ad Hoc Committee of Board members to review and recommend responses to the Board of Education..

RECOMMENDATION

It is recommended that the Board of Education adopt the attached proposed response to the three 2009/2010 Grand Jury Reports for submission to the Presiding Judge of the San Joaquin County Superior Court by January 28, 2011.

**STOCKTON UNIFIED SCHOOL DISTRICT'S
PROPOSED RESPONSE TO SAN JOAQUIN COUNTY GRAND JURY'S
2009-2010 FINAL REPORT**

I. Public Appointment Process (Case No. 1009)

The San Joaquin County Grand Jury's summary of Case No. 1009 provides in full:

The 2009/2010 San Joaquin Grand Jury investigated the public appointment process. Hundreds of private citizens are appointed through this process to various public boards/commissions/committees (BCC) throughout the county. The loose guidelines of appointment have allowed appointed individuals to go unchecked. Without adhering to strict background checks, the appointment process lacks emphasis on fiduciary responsibility.

The Grand Jury next sets for the requirements pursuant to Government Code §§ 54970, 54971, 54972 and 54973 for establishing, and maintaining BCCs and requested responses to six findings and six recommendations from SUSD and fourteen other public entities.

The Grand Jury's findings and recommendations are as follows:

Findings

- F1. Some legislative bodies do not follow policies and procedures for BCC appointments. The Grand Jury is aware of at least one instance where an appointee was not required to complete an application prior to appointment.
- F2. Brown Act and fiduciary responsibility training is not routinely offered for BCC.
- F3. Recruitment for vacant BCC appointments lacks initiative.
- F4. BCC appointee performance is rarely reviewed.
- F5. Policy for BCC appointee removal is not always defined.
- F6. Criminal and credit background investigations are not performed on appointees.

Recommendations

The Grand Jury recommends that all legislative bodies:

- R1. Develop or update policies and procedures for appointment of BCC members.
- R2. Provide and document Brown Act and fiduciary responsibility training to all appointees.
- R3. Utilize alternative sources to advertise vacant positions; i.e. Twitter, movie theaters, television, radio, announcements at public events.
- R4. Annually review appointee performance and take appropriate action.
- R5. Develop policy and procedures defining the processes for appointee removal.
- R6A. Develop criminal and credit check standards for appointees.
- R6B. Perform criminal and credit background checks on all appointees prior to appointment.

District Response

Upon receipt of the Grand Jury's report in Case No. 1009, Public Appointment Process, District legal counsel reviewed the referenced Government Code sections (54970, 54971, 54972 and 54973) and concluded that those sections of the Government Code are inapplicable to the District. These sections of the Government Code are known as the Maddy Act and require that, "On or before December 31 of each year, each *legislative body* shall prepare an appointments list of all regular and ongoing boards, commissions, and committees which are appointed by *the legislative body of the local agency*. This list shall be known as the Local Appointments List." (Cal. Gov. Code, § 54972; emphasis added.) The Act defines a "legislative body" as "the board of supervisors or its chairman in the case of the county, or the city council or the mayor in the case of a city." (*Id.* at § 54971.) A "local agency" is defined as "a county or city, whether chartered or general law." (*Ibid.*) As such, the Act by its express terms does not include school districts.

Although not bound by the Maddy Act, the District does have one committee, the Bond Oversight Committee, that is similar in structure to the BCC's referenced by the Grand Jury. The structure, membership and duties of the Bond Oversight Committee are governed by statute, specifically Education Code §§ 15278 *et seq.* These sections of the Education Code, along with documents reflecting Board action with regard to the Bond Oversight Committee, and the policy for the Committee are attached hereto and incorporated into this response as Exhibit A.

II. Student Truancy Follow Up from 2008-2009 (Case No. 0909G)

The San Joaquin Grand Jury provides the following reason for the investigation of student truancy:

The 2008/2009 Grand Jury became aware of inconsistent truancy reports (Consolidated Application) that were submitted to the California Department of Education (CDE) and State Controller's Office (SCO) by Lodi, Tracy and Stockton Unified School Districts during the 2007/2008 fiscal year. The 2008/2009 Grand Jury sent letters to the three school districts with a request for clarification of the differentials contained in the reports. The 2009/2010 Grand Jury chose to follow-up with individual investigations of each school district.

With regard to Stockton Unified specifically, the Grand Jury reports:

Stockton re-submitted a corrected and accurate Consolidated Application to the CDE and SCO on March 17, 2009. Incorrect data was pulled from the Truancy Reporting report and was for notification of habitual truancy rather than initial notifications of truancy as requested in the Consolidated Application. Data reported for mandated cost reimbursement is for the notification of initial truancy.

The Grand Jury's lone finding with regard to Stockton Unified is that "Stockton Unified School District resubmitted corrected Consolidated Applications for the 2007/08 school year and the truancy information reported for the 2008/09 school year was accurate."

District Response

The District agrees with this finding of the 2009-2010 Grand Jury. In support of this agreement, the District provides responsive documentation attached hereto and incorporated into this response as Exhibit B.

III. 2009-2010 Follow Up of the 2008-2009 Grand Jury Report Follow Up of the 2007-2008 Grand Jury Report (Case No. 0909H)

The Grand Jury explains the reason for its second follow up and provides in full:

The 2008/09 Grand Jury conducted a follow-up investigation to the report written by the 2007/08 Grand Jury, Case No. 08-07. The case originated with a written complaint containing specific allegations focused on several activities and events by the Stockton Unified School District (SUSD) that may have been inappropriate or possibly illegal. The 2008/09 Jurors wanted to determine if the Board of Education (Board) corrected the problems of the past and had implemented recommendations of the 2007/08 Grand Jury. Immediately following publication of the 2008/09 Grand Jury's Final Report, Case No. 01-08E, important events occurred in SUSD.

The 2009/10 Grand Jury conducted a follow-up investigation to find out if those events had any impact on the findings and recommendations contained in the 2008/09 report. The 2009/10 Grand Jury focused on recommendations that the Board disagreed with, did not act upon, or partially completed. The 2009/10 Grand Jury found that circumstances had changed since the 2008/09 investigation.

The Grand Jury made ten findings and 5 recommendations which are each addressed below.

FINDINGS/RESPONSES

Finding # 1. The 2008/09 Grand Jury found Trustees periodically reviewed contracts and purchases made by management. Recent findings indicated this was not always the case. Information given to the Board by the previous Superintendent was not always given with enough lead time for the Board to study, nor was it always complete or accurate.

Response to Finding #1. The District agrees with this finding.

The former Superintendent did not always allow enough lead time for the Board to study and analyze potential contracts prior to Board action. Since the arrival of Jason Willis as Chief Financial Officer and Carl Toliver as Superintendent, the Board has been provided additional time to review contracts and other documentation prior to action at Board meetings.

Finding #2. Although the 2008/09 Grand Jury recommendation of developing a procedure for awarding consultant contracts had been implemented, the procedure was vague and open to interpretation. Presently, the interim Superintendent submits consultant requests to the Board for approval prior to hiring.

Response to Finding #2. The District agrees with this finding.

The former Interim Superintendent began the practice of bringing all consultant contracts to the Board of Education for approval. The current Superintendent and CFO have continued this practice and provide to the Board both the consultant contract, as well as a copy of the Consultant Utilization form, which informs the Board of any current or past relationship between the District and the consultant. In October 2009, the Board of Education amended Administrative Regulation 3600 to ensure disclosure of consultant agreements. (Exhibit C)

Finding #3. In September of 2009, the Board dismissed the Superintendent and appointed an interim Superintendent. The current management team appears to be strong and allows more time for planning. The interim Superintendent and management team now attempt to give information to the Board with more lead time that enables the Board to make better informed decisions.

Response to Finding #3. The District agrees with this finding.

As explained above in Response to Finding # 2, the current Superintendent and Chief Financial Officer and the entire management team strive to provide the Board additional time to review contracts and other documentation prior to action at Board meetings.

Finding #4. During the term of the previous Superintendent there were many misinterpretations of budgetary and economic policy among management and Trustees. This resulted in their inability to work together productively. The interim Superintendent now reviews the budget and expenditures weekly. All purchase order warrants are given to the Board for approval. The County Office of Education also reviews the budget quarterly and presentations are made to the budgetary committee.

Response to Finding #4. The District agrees in part with this finding.

During the term of former Superintendent Amato, there were apparent misunderstandings and misinterpretations between the Board and then Superintendent Amato. Since Mr. Amato's departure, the former Board and Interim Superintendent, as well as the current Superintendent and current Board, have worked diligently to avoid misinterpretations regarding economic policy. For example, starting in October 2009, the Chief Financial Officer, Interim Superintendent and current Superintendent have provided comprehensive budget updates at most public Board meetings. Further, in October 2009 and December 2010, the Board of Education adopted Fiscal Accountability Plans to be transparent and proactive in addressing the current fiscal crisis. The Plans provide direction to staff on how to achieve cost savings and identify a process to continue identifying cost savings for the upcoming fiscal year. (Exhibit D)

Finding# 5. Prior to the dismissal of the previous Superintendent, the Board could not come to agreement on many issues facing SUSD.

Response to Finding # 5. The District agrees with this finding.

Finding #6. The Citizen's Bond Oversight Committee and Chief Financial Officer of the District review all bond proposals and expenditures. The District is still reviewing ways to maximize bond funds for high schools. Some projects have begun.

Response to Finding # 6. The District agrees with this finding.

Finding #7. The Trustees and management are currently exploring ways to integrate the FCMAT recommendations on a regular basis through their Five-Year Plan. The Board has reevaluated policies and procedures to address the current budget crisis and operational cuts.

Response to Finding # 7. The District agrees with this finding.

As explained in Response to Findings #2 and 4 above, the District has implemented practices and procedures to address the current budget crisis.

Finding #8. The creation of private non-profit foundations has not been implemented by SUSD. The interim Superintendent finds it difficult to operate foundations and conduct fundraising activities during hard economic times. Management and Trustees are exploring other ways to generate revenue. Various community groups and businesses have adopted individual schools and are providing support to those schools.

Response to Finding # 8. The District disagrees with this finding.

Administration and the Board of Education are working to revive the 1852 Foundation, a non-profit foundation, to raise funds for the District. In 2002, the Board created the SUSD 1852 Foundation. The purpose of the Foundation is "to benefit the District by enhancing the educational opportunities of District students and supporting District events." During the January 25, 2011 meeting, the Board appointed an Ad Hoc Committee of Board members to establish a process for selecting members of the community to serve on the Foundation Board of Directors.

Finding #9. The Board discontinued the use of the "Success for All" program. They were able to return a portion of the program for partial credit toward the balance owed. They are examining alternative uses for the remaining program materials.

Response to Finding # 9. The District agrees with this finding.

The District returned a portion of the materials for approximately \$140,000 in credit. Further, the District is currently working with local community organizations to distribute some of the remaining materials.

Finding #10. The current hiring policy encourages qualified SUSD employees to apply for new positions, but maintains a competitive application process. All applications within and outside the District are considered and reviewed equally, with the position being awarded to the most qualified applicant.

Response to Finding # 10. The District agrees with this finding.

RECOMMENDATIONS/RESPONSES

Recommendation #1. The Board require management to obtain legal counsel review of all contracts prior to Board consideration.

Response to Recommendation #1. The District's Business Office has implemented this recommendation with regard to new contracts.

Recommendation #2. The Board develop and approve policies that provide management direction on financial and administrative procedures of the District.

Response to Recommendation #2. The District has implemented this recommendation.

The former Board and Interim Superintendent, as well as the current Superintendent and current Board, have worked diligently to develop and approve policies providing direction on financial and administrative procedures. For example, starting in October 2009, the Chief Financial Officer and both the interim Superintendent and current Superintendent have provided comprehensive budget updates at most public Board meetings. Further, in October 2009 and December 2010, the Board of Education adopted Fiscal Accountability Plans to be transparent and proactive in addressing the current fiscal crisis. The Plans provide direction to staff on how to achieve cost savings and identify a process to continue identifying cost savings for the upcoming fiscal year. Also, in October 2009, the Board of Education amended Administrative Regulation 3600 to ensure disclosure of consultant agreements. (Exhibits C and D) Finally, in December 2010, the Board Education submitted a qualified First Interim Budget with the County Office of Education and in turn has been assigned a Fiscal Expert to advise the District regarding the District finances.

Recommendation # 3. The Board and Superintendent continue to explore a variety of conventional and creative supplemental funding sources for district operations.

Response to Recommendation #3. The District has implemented this recommendation.

The Board continues to explore both conventional and creative supplemental funding sources for District operations which follow up on measures already put into place by the District. For example, the Board authorized the District to enter into an agreement which would generate revenue in exchange for placing inconspicuous cell phone towers on school district property. In addition, the Board is exploring the possibility of permitting paid advertising on its property and is currently reviewing responses to a request for proposals for such services.

Recommendation #4. The Board make careful and calculated decisions based on “best practices” and economic considerations when formulating plans for the future.

Response to Recommendation #4. The District has implemented this recommendation.

As explained above in Response to Recommendation #2, the District has already taken a number of steps to make careful and calculated economic decisions. The response to Recommendation #2 is incorporated as the response to Recommendation #4.

Recommendation #5. Trustees conduct themselves in a manner which displays to the public their willingness to work with each other and management to the betterment of educating children.

Response to Recommendation #5. The District has implemented this recommendation.

The current Board is dedicated to its responsibility to professionally work together for the betterment of the students of the District. To this end, the Board shall participate in training regarding governance and the role of the Board.

SUBJECT: Approval of Amendment to Administrative Regulation (AR) 3600 –
Consultants

INTRODUCTION:

Members of the Board of Education and employee organizations have expressed concern over the hiring of consultants. District staff has operated under a consultant employment practice for many years in which annual non-instructional consultant contracts under \$50,000 did not require Board approval while all consultant contracts involved with student instruction were brought to the Board for approval. It is the desire of the trustees that ALL potential consultants, regardless of fees, be brought before the Board for consideration.

ANALYSIS:

The attached regulation defines consultants governed by the regulation and amends the current practice of the \$50,000 limit. The new Administrative Regulation requires that all non-instructional consultants be brought before the Board for consideration and approval. The existing practice of having Board approval for all consultants dealing with student instruction is also included. The regulation also delineates information required to be submitted by all consultants as part of the employment process regardless of monetary limits.

RECOMMENDATION:

It is recommended that the Governing Board adopt the amendment to Administrative Regulation 3600 - Consultants.

Prepared by: Stephen F. Vaczovsky, Acting Superintendent
