civilgrandjury.org is a project of UnGovr.org, a US-based 501(c)(3) nonprofit dedicated to government transparency and public accountability.

COMMENDATIONS

The following section includes personal observations by the 2011-2012 Grand Jury members of the School Boards which they were assigned to observe and fell outside of the parameter of the intended report but were worthy of note.

Buena Vista – Seventy percent of the student population is from outside of the school district. This may indicate that parents and/or students recognize a different and/or higher quality of opportunities that Buena Vista can offer to them.

Pleasant View – The Board is proud of their Superintendent/Principal. He will be sharing his knowledge of the Instructional Rounds program with other school districts. This program was developed at Harvard University, focusing on observing students in order to address systemic-education and student-learning issues.

Traver – The Board is interested in giving their students activities to enhance their school experience. They discussed ways to keep their community Girl Scout troop, which meets at the school, operating. The Board is also proud of the 70% of the student population participating in band programs.

SMALL DISTRICTS TRUSTEE BOARD MEETING

Date of Meeting	Agendas Posted	Brown Act Compliance	ADA Compliance	# of Board Members	# Board Members in Attendance	Demeanor of Board	Used Microphones	Followed Agenda	Board Members Knowledgeable	Public Comment Time	Agenda Packets Available
